

## **Mary G. Bielaska**

---

Risk Advisory Services Partner

Mary is a Partner in the BDO Seidman Risk Advisory Services practice where she oversees the risk advisory services rendered in the western region of the United States and is charged with further developing BDO Seidman's Risk Advisory practice in this region. Mary is an attorney who has specialized in the securities, corporate governance and commercial transactions areas for over 20 years. She has represented corporate issuers, underwriters and institutional purchasers of securities in both domestic and international financings and has extensive experience representing acquirers, target companies and independent board committees in both domestic and cross-border acquisitions transactions and managing post-acquisition integration issues for several international clients. She has represented several large public financial institutions and other companies with respect to their Sarbanes-Oxley compliance projects, including both accelerated and non-accelerated filers.

In addition, Mary has represented several large private institutions that are dedicated to strengthening both their internal and operational controls and standards and throughout her career she also has had experience managing post-acquisition implementation projects. Her clients have included, among others, several large Fortune 500 companies; insurance companies; biotechnology, pharmaceutical and advertising firms; banking institutions; energy companies; and municipalities and other governmental entities.
